Light Vote Seen Today in Runoff

LITTLE ROCK (AP)—A very light vote is anticipated today in the state Democratic runoff primary in which three state senators, nine representatives and one prosecutor races will be decided.

There is also a scattering of local races.

Among the most bitterly fought contests is one for the Position 2 Senate seat in the 15th District (Pulaski County).

State Rep. Jim Brandon and Everett Tucker, both of Little Rock, battled for the seat vacated last year by the death of Sen. Ellis Fagan. Brandon is a two-term House member. Tucker is executive secretary of the Little Rock Industrial Development Corp., and has been a member of the Little Rock School Board since 1958.

Brandon led the primary ticket 14,268 to 13,417 for Tucker. John Yancy, with 8,267 votes, was forced out of the race. Yancy since criticized Tucker for what he called bringing the racial issue into the campaign.

Tucker said Brandon's forces brought up the issue before he did. Tucker has said in newspaper advertisements that Brandon is sympathetic to integrationist causes.

In the 23rd District Senate race, Sen. Cecil McNeil of Reelfoot, seeks a second term against Leon Beaton, a former Clay County sheriff who lives at Marquette. McNeil got 4,938 votes in the primary to 3,623 for Beaton, and 2,292 for J. T. Warren, a third candidate.

In the 14th district race, Sen. Graham Nixon of Conway is running for a second term. He is opposed by Guy Jones of Conway, a former senator who he beat four years ago. Jones polled 8,266 votes in the first primary to 5,654 for Nixon, and 17 for Ammon Ward of Damascus, a former Van Buren County sheriff.

David Whittington seeks a third term against Richard Hobbs, both of Hot Springs, in the 18th District prosecuting attorney. Continued on Page Two

'64 Cotton Crop Over Average

LITTLE ROCK (AP) — The Crop Reporting Service said today the Agriculture Department's Monday report that Arkansas will produce 1,475,000 bales of cotton is significantly above the 1958 - 62 average of 1,342,000 bales.

The current prediction is 21,000 bales below total production of last year, and the prospective yield per acre is down by six pounds.

Acres for the harvest is placed at 1,230,000 acres, the same as last year.

The 1962 figure was erroneously reported Monday at 1,203,000 acres.

The Agricultural Marketing Service said that first bales of cotton were ginned in several counties of the state last week, but no general movement of the crop is expected for several weeks.

First bales were ginned about the same time last year.

The Crop Reporting Service said the cotton crop is generally later than last year, but development is about average. It said production in counties lacking rain is expected to fall far short of last year's crop.

2 Arkansans Killed in Alabama

TUSCUMBIA, Ala. (AP)—Two Arkansans were killed here Monday in a spectacular auto accident which killed three and injured 11 others.

The Highway Patrol said the victims were Mrs. Nadine Rohrscheib, 24, and her son, Henry, 6, both of Lexa (Phillips County); and Larry McKinney, 15 of nearby Russellville Ala.

The dead were passengers in a station wagon driven by L. D. Rohrscheib, 28, Mrs. Rohrscheib's husband, who was one of the injured.

The patrol said the station wagon, carrying 14 persons, pulled from a county road onto U.S. 72 and was hit broadside by a car driven by Wyatt Blacklock, 52, of East St. Louis, Ill., who was injured.

Officers quoted a witness as saying the station wagon left the ground, whirled in the air and landed on its top.

Parts of the wagon were scattered as far as 200 feet from the wreck, and the dead and injured were scattered over a wide area. Several were pinned temporarily in the wreckage, officers said.

Other Arkansans hurt were three Rohrscheib children, Sherry Gail, 4; Dale, 2; and Curtis, 5 months; and Mrs. Lillian Bentley, 45, of Lexa and her children, Gilbert and Carolyn, both 13; Donnie, 9, and Linda Gail, 7. Gilbert and Donnie Bentley and Sherry Rohrscheib were critically hurt.

Freight on Frisco Is Derailed

OSCEOLA, Ark. (AP)—Eleven cars of a northbound Frisco Railroad freight train derailed in the Osceola business section today, blocking the city's two main traffic arteries.

The car with the loose wheel also jumped across a track and smashed two sidetracked mail cars.

Union and Keiser avenues were still tied up at mid-morning. The wreck occurred early this morning. A railroad wreck was being sent from Memphis to clear the wreckage.

The engine and front cars of the freight proceeded northward.

Cyprus Truce Is Reported by the UN

By A. I. GOLDBERG

UNITED NATIONS, N.Y. (AP) — U.N. Secretary-General U Thant said Monday night Turkey and Cyprus have accepted the U.N. appeal for a cease-fire without conditions.

He pledged that the United Nations would exert every effort to keep the peace on Cyprus.

Thant's statements were made in a report to U.N. Security Council members, circulated shortly after the Turkish and Cyprus governments announced they would enforce a cease-fire.

The Turks declared, however, that they would continue reconnaissance flights over Cyprus until Greek Cypriot forces withdraw to positions they occupied Aug. 5.

In his statement, Thant said: "It is gratifying and encouraging that both governments have responded positively and without conditions."

"These decisions of the two governments now afford an opportunity for definitely ending the fighting and relaxing tension in Cyprus."

"It will be my purpose to take fullest possible advantage of this opportunity by exerting every effort toward constructive peace-keeping arrangements in all areas of the island." He gave no indication of any new measures the United Nations might be planning.

The U.N. force on Cyprus numbers almost 6,000 officers and men, but it couldn't prevent Greek Cypriots from attacking Turkish Cypriot villages on the northwest coast last week.

Turkey says these attacks prompted its air raids.

The U.N. role on the island has been confined largely to patrols between the hostile Turkish and Greek communities.

The Cyprus government has asked for another Security Council meeting, but there was no immediate indication when this might take place.

By HAL MCCLURE

NICOSIA, Cyprus (AP) — A deadlock between Turkey and Cyprus about Greek Cypriot troop dispositions on the northwest coast today menaced the peace restored shakily under U.N. auspices.

Turkish air force jets maintained reconnaissance flights.

Premier Ismet Inonu's Ankara administration was reported continuing military preparations to back up its demand that Greek Cypriot forces give up three Turkish Cypriot villages they have occupied since last Wednesday and withdraw from their encirclement of the port of Kokkina.

"Greek Cypriots are ready to die to the last man or win," Kyprianou told newsmen on flying to Athens for consultation.

McClellan Puts Over River Job

By GORDON BROWN
WASHINGTON (AP) — Sen. John L. McClellan, D-Ark., just about called his shots on the Arkansas River development appropriation for this year.

He got about what he wanted and in the way he wanted it. While the appropriation isn't finally settled, all signs point to an Arkansas river appropriation of \$98 million which will keep the construction pointed toward a 1970 completion date.

When President Johnson sent his economy budget to Congress last January, he recommended a total of \$84 million for the Arkansas River project.

At first McClellan thought this might be satisfactory and in line with a frugality policy. But then he learned from Army Engineers that this amount wouldn't keep construction on schedule and that the completion of the 9-foot navigation channel would be delayed at least one year.

He checked further and concluded that a year's delay in completion would increase construction and land purchase costs that would be considerably greater than the additional \$15 million Army Engineers said they would need to keep construction on schedule.

He felt it would be false economy to cut back on an appropriation and add to the cost.

Thus armed, he set out to persuade President Johnson and the Budget Bureau officials of the soundness of his position.

What he wanted, he said privately, was for Johnson to agree to send to Congress a supplemental budget recommendation to bring the Arkansas total to \$99 million—and he wanted the recommendation to hit Congress just before the Senate Appropriations committee was to act.

The reason was that he feared if Johnson acted too soon other senators would hear about it and try the same tactics. Any effort to lay down the bill, he felt, might result in defeat of all efforts, including his own.

It came out just about as he planned.

After about five conferences with Johnson and Budget Bureau officials, including some private conversations with the President, the matter was worked out. The President agreed to a supplemental recommendation.

Meanwhile, Army Engineers trimmed their estimate some and said they could do with \$14 million more, or a total of \$98 million.

So on the day before the Senate appropriations subcommittee put the bill in final form, the President sent to Congress a supplemental recommendation. The subcommittee wrote it into the bill and the full committee approved.

Since the entire \$98 million now has budget bureau approval, McClellan anticipates no difficulty in winning House approval for the larger amount, which is \$9 million above the total voted for the Arkansas River program by the House.

Forecast on Cotton Down From 1963

WASHINGTON (AP) — The Agriculture Department's first forecast of the year placed Arkansas cotton crop at 1,475,000 bales, compared to 1,496,000 in 1963.

The report predicted a yield of 576 pounds per acre on 123,000 acres planted in the state. Last year the yield was 582 pounds on 1,203,000 acres.

The forecast put the nation's crop at 14,785,000 bales of 500 pounds gross weight, a decrease of 3.5 per cent over last year's crop.

The crop is being grown under government controls supplemented by payments to growers making extra reductions in their reductions in total acreages.

It will be supplemented by reserve and surplus supplies totaling about 12.4 million bales accumulated from past crops.

By comparison, market demands from the 1964 crop supply are expected to total about 13.5 million bales.

Today's report said the average yield of lint cotton per harvested acre this year is expected to be 506 pounds, compared with last year's record 516 pounds. The yield for the 1958-62 period averaged 454 pounds.

Last year's crop totaled 15,327,000 bales, compared with the 1958-62 average of 13,905,000. Arkansas led all its neighboring states except Texas and Mississippi in the current forecast.

The forecast for a adjacent states by acreage for harvest, the yield per harvested acre and the production, include:

Tennessee, 495,000; 611 and 630,000; Missouri 347,000, 600 and 444,000; Mississippi 1,450,000, 634 and 1915,000; Louisiana 525,000, 571 and 625,000; Oklahoma 585,

Antipoverty Bill Heads for Signing

By JACK BELL

WASHINGTON (AP) — The Senate sent to President Johnson today the \$947.5-million anti-poverty bill designed to give work to idle youth and to help low-income families get off relief.

Completing congressional action, the Senate accepted House amendments to the original Senate version even though some were disliked by sponsors of the bill. The Senate action was by voice vote.

Enactment of the bill was a major victory for Johnson who had given the legislation highest priority in the closing days of the session. It was opposed by Sen. Barry Goldwater, Republican presidential nominee.

The money figures in the bill are authorizations. Congress must vote appropriations in a supplemental bill if the program is to get started this fall.

Sargent Shriver, who is expected to be named to administer the program, has estimated it should reach 600,000 persons directly in the first year and up to 7 million families through community action projects.

Before passing the bill Saturday, the House put into it what some senators called a disturbingly loyal oath and governors' veto provisions over some projects.

But Senate sponsors decided against making any fight over these points.

Sen. Hubert H. Humphrey of Minnesota, the assistant Democratic leader, said that "while we don't like some parts of it, we're going to take the House bill in order to get moving on this program."

Sen. Pat McNamara, D-Mich., said in a separate interview he had become convinced that if the Senate, which passed its version July 23, sent the measure to a Senate-House committee, it might die there when Congress adjourns.

"We've got to take the House bill," he said. "It's the only way we can get one."

The House measure included a provision that all individuals receiving government payments must sign non-Communist affidavits. Such a provision in the National Defense Education Act caused some colleges to reject government aid and it eventually was repealed.

The House also inserted a provision, rejected by the Senate, giving governors a veto in their states on aid to community, as well as privately financed, antipoverty projects. The governors also could block establishment of the proposed job corps in their states.

The antipoverty measure represents Johnson's major on his own legislative achievement since he became president last November. Most of the other domestic measures sent to him by Congress were proposed originally by the late President John F. Kennedy.

Once it becomes law, the measure will authorize wide-spread activity by the government in several fields. Johnson included these expenditures in his budget and the actual money is expected to be provided in a supplemental appropriations bill.

The measure authorizes \$412.5 million for programs aimed at increasing the education, training and work experience of young men and women. This includes establishment of a job corps in which youths in the 16-21 age bracket would be as-

Cyprus Truce

with the Greek government about the latest crisis.

U.N. Secretary-General U Thant has said Turkey accepted unconditionally the appeal for a cease-fire, but Western diplomats in Ankara said it is insisting strongly that the coastal area be cleared of Greek Cypriot troops before the truce can be fully accepted.

These sources said the only compromise Turkey might be persuaded to accept would be for the captured villages to be turned over to U.N. troops instead of reoccupied by Turkish Cypriot forces. Unarmed Turks and refugees massed around Kokkina could then return to their homes under U.N. protection.

Cyprus remained jittery. U.N. headquarters said Turkish planes flew over an area south of the village of Alevga, near the scene of recent fighting, for 25 minutes this morning but did not open fire.

Only a few isolated gunshots were heard during the night as both Greek and Turkish Cypriots observed the truce, the U.N. said.

At the order of Secretary-General U Thant, the U.N. police force mobilized its limited manpower to prevent another outbreak of fighting along Cyprus' northwest coast.

Turkey said it would send its jets on scouting missions until the U.N. troops can enforce the truce and Greek Cypriots withdraw from positions they captured in the last six days.

The Turkish Air Force began its retaliation raids after the Greek Cypriots opened a drive Aug. 5 on the only remaining Turkish Cypriot coastal strip. The Cyprus government charged that Turkish troops and arms were being landed at the Turkish Cypriot fishing village of Kokkina.

The crisis left the government of Cyprus badly split, possibly impairing the political strength of Archbishop Makarios, Greek Cypriot president. Rightists and leftists in the cabinet exchanged angry words over whether to count on Greece or the Soviet Union for help, informants said.

Both factions were disappointed by the less than wholehearted support they received from Greece and the Soviet Union.

In Athens, Greek Premier George Papandreu indicated Monday night he does not look forward to a war over Cyprus with Turkey, Greece's eastern Mediterranean partner in the North Atlantic Treaty Organization.

Greece took the view that signed to conservation camps or resident training centers.

Under the bill's terms, the government would finance part-time employment for college students and for youths who want to complete their secondary schooling or take vocational training.

The measure authorizes appropriation of \$315 million to pay up to 90 per cent of the cost of financing antipoverty programs carried out at the community level.

The measure also authorizes special assistance to poverty-stricken farmers and very small businesses, aid for migrant farm workers, and establishment of a corps of volunteer workers, to be paid \$50 a month, to serve in the over-all antipoverty program.

Low interest loans up to \$1,500 would be provided needy farming families for improvement of their farms. These families could get loans of up to \$2,500 to assist them in developing non-farm income.

Salinger's Senate Seat Confirmed

WASHINGTON (AP) — The Senate Rules Committee voted 6-1 today for Pierre Salinger as senator from California.

The committee decided on a party-line vote that the Democratic appointment, by Gov. Edmund G. Brown of California, was "valid, proper and legal."

The Rules Committee action followed a 2-1 party-line decision of the Subcommittee on Privileges and Elections, which conducted a hearing Monday on the challenge raised by George Murphy, Republican nominee for senator in November.

Salinger already has taken his seat, subject to the inquiry. Sen. B. Everett Jordan, D-N.C., announced the Rules Committee decision, and said the committee's report and recommendation to validate the seating of the appointed successor to the late Sen. Clair Engle, D-Calif., will be presented to the Senate Wednesday.

The California Supreme Court ruled Monday that the appointment was valid, rejecting without comment a request from Murphy, a former Hollywood actor, that it be annulled.

Salinger is the Democratic nominee to meet Murphy in November. Salinger was seated "without prejudice" last Wednesday, with the question of the legality of the appointment referred to the Rules Committee.

California law says the governor has to appoint "an elector who has lived in the state one year prior to the next election," Murphy testified before the subcommittee Monday.

"He (Salinger) has not," Murphy added. California Atty. Gen. Stanley Mosk, told the subcommittee the appointment was legal.

"A state does not have the right to add or subtract from the United States Constitution's qualifications for a candidate," Mosk said.

In the state court case, Justice Marshall McComb was the only Supreme Court member who dissented. "I feel the California Supreme Court ruled him eligible."

August 27, at 9:00 a.m.

James H. Jones, superintendent of Schools, announced today that the following information is pertinent to all parents in Hope School District 1-A who will have children entering the first grade in September 1964, for the 1964-65 school year:

Act 41, which was approved February 2, 1961, by the Arkansas Legislature is as follows:

SECTION 1. No child shall be admitted to any public school in the state during any school year unless such child shall attain the age of six (6) years on or before October 1 of such school year.

SECTION 2. The provisions of this Act shall be applicable to the 1962-63 school year and every school year thereafter.

SECTION 3. All laws and parts of laws in conflict herewith are hereby repealed.

In addition to the child being six years old on or before October 1, he must also present a birth certificate and a health folder when enrolling in school on September 3, 1964. The folder may be secured from the Hempstead County Health Office on Thursdays, or the second and fourth Fridays of the month.

All parents who have children entering school for the first time should pick up health folder at the County Health Unit. All inoculations should be recorded on this folder, including small pox vaccination, which is required by law.

Court decision that stated I was eligible to run makes it perfectly clear I am eligible to be appointed," Salinger testified before the subcommittee.

Salinger, press secretary to both the late President John F. Kennedy and President Johnson, defeated State Controller Alan Cranston for the Democratic nomination. Cranston challenged Salinger's eligibility but the California Supreme Court ruled him eligible.

and MIG17s have been introduced into North Viet Nam. "This has been expected for some time because of known preparations such as lengthening of runways of airfields in the Hanoi area."

Sylvester was asked if Chinese Communists were flying the planes.

He replied that the pilots could be North Vietnamese, trained in China, or "they could very well be Chinese."

Sylvester said he did not know whether these Red Chinese planes are intended for air defense or other action.

In reply to another question, Sylvester said there was no evidence that these planes have been flown over South Vietnamese territory.

He said that it has been known for a long time that Red China had planes based on the island of Hainan on the eastern side of the Gulf of Tonkin.

He said he did not know immediately whether the U.S. Navy planes have been sent up to look over any flights by the Chinese planes.

Sylvester was asked if any additional U.S. planes have been deployed in view of the arrival of Red Chinese planes in North Viet Nam.

He said no, that this was unnecessary because this contingency had been considered in plans made some time ago.

Interest Cost Rises Says Arkla

LITTLE ROCK (AP)—Arkansas Louisiana Gas Co. reported Monday that net income for the 12-month period ending June 30 had increased \$5.1 million to \$23.2 million, a 13.1 per cent jump over the same period last year.

Arkla said 55 per cent of current earnings came from its non-utility operations.

W. R. Stephens, Arkla board chairman and president, said the net income of two important Arkla subsidiaries, Arkla Industries Inc. and Arkansas Cement Corp., were up 47 and 53 per cent over the previous 12 months.

The 12-month net income was equal to \$2.29 per common share, compared to \$20.1 million, equal to \$1.92 per share in the 1963 period.

Stephens said net income for the first half of this year was \$14.7 million, or \$1.45 per share, compared to \$13.4 million, or \$1.27 per share, for the first half of 1963.

Miss Sutton Honored At Tea
Miss Claud Ann Sutton, popular bride-elect of Bill Freeman was the honoree at a beautifully appointed gift-tea Thursday evening at the home of Mrs. Jewel Moore Jr. on Rocky Mound Road. The hostesses that entertained were Mrs. Moore, Mrs. Cecil O'Steen, Mrs. Dorsey White, Mrs. Kenneth Starks, Mrs. William Butler, and Mrs. Travis Ward.

The guest were invited into the spacious home by Mrs. Elmer Brown. Receiving the one hundred twenty-five guests with the hostess and honor guest were Mrs. Claud Sutton, mother of the bride-elect and Mrs. Verne Freeman. The mothers of the couple were presented white gardenia corsages. The honoree chose a blue chiffon dress with a white lace bodice for the occasion. She wore a corsage of Fleur d'Amour, a gift of the hostesses.

The tea table was covered with a white floor length organ-dy cloth and was centered with an arrangement of seventy-five pink Columbia Roses in a crystal and silver epergne flanked by three branched candelabra holding pink tapers. Mrs. Ray Lawrence and Mrs. George Balentine alternated in presiding at the cutglass punch bowl. The Pettis Four were served alternately by Mrs. Bernie Hargis, Jr., and Mrs. Henry Haynes.

The guests were invited into the den by Mrs. Clark O'Lander to view the many gifts on display. A massive arrangement of white gladiolus graced the mantle to compliment the three branched candelabra holding white tapers. The candlestick centered a round draped table which had been designated for registry. Miss Dorothy Smith presided at the guest book.

Arrangements of pink Columbia Roses were used at vantage points throughout the home. The house party carried out the chosen color scheme by each wearing a single pink rosette. Assisting the hostesses were Mrs. Jackie White, Debbie, and Becky Moore.

CHATTER

Seemingly there is an off-the-record political hassle going on about the two first women in politics right now. Mrs. Johnson and Mrs. Goldwater. Every designer and shopkeeper is trying to know who shops where and how much they spend.

At least there is no pretense about it, for a change we do not have to go through this business of either one being so talented she could run up a little Noell suit after supper. It is obvious that both these women are just about as busy as they can be, and yet they realize the importance of their appearance.

The conclusion of the style predictors is, regardless of who wins the election, that we will have a fashion-conscious First Lady in the White House. . . and we are all for it.

Right now, at **Raley's Style Shoppe** we are really fashion-minded. Probably because we have so much to show and sell. For instance, the Koret of California sportswear. Everything matches. . . skirts, pants, jackets, jumpers, vests. It's the snappiest thing that's happened to wool. Diagonal Twill lines with a homespun tweed effect; add sweaters of wool or mohair plus a print blouse. . . all in perfect matching color complements. Everything goes with everything, it's easy!

The handsome cardigan jacket combines with a slim skirt to make a suit, \$22.95. The rich color of worsted wool in a crew neck sweater is a perfect topper for the Botany wool pants, both \$14.95. The sporty suit with its "V" neck front, button vest and matching skirt, \$25.00.

There is more, and you will like what you see in new Fall sportswear at **Raley's Style Shoppe, Hope's House of Fashion.**

Showdown at Restaurant in Atlanta

By MIKE BARRON
ATLANTA (AP) — The stage is set today for a possible showdown between civil rights forces and an adamant Atlanta restaurant owner who was denied more time before he must begin serving Negroes under the new Civil Rights Act.

In Washington Monday, U.S. Supreme Court Justice Hugo L. Black turned down requests by the restaurant owner and an Atlanta motel for an order staying effectiveness of a decision that the act's public accommodations section is constitutional. These were the first court tests of the act.

In a three-page memorandum issued in connection with his refusal, Black said, "A judicial restraint of the enforcement of one of the most important sections of the Civil Rights Act would, in my judgment, be unjustifiable."

This left segregationist Lester Maddox, who says his Pickrick Restaurant positively will not integrate, faced with the possibility of closing the restaurant in the face of expected further integration attempts.

On the other hand, Moreton Rolleston, head of the Heart of Atlanta Motel Corp., said he would comply with the court order.

"We will never integrate," Maddox said. "Pickrick will never integrate."

"We are just really hurt that our government will tell us that we no longer can be free as Americans and no longer can we select our customers," he said after learning of Black's decision. "It's involuntary servitude; it's slavery of the first order. It shows complete, utter disregard for the United States Constitution."

Maddox said he would make a final decision today on the several courses of action he says are open to him.

Civil rights groups said they had no specific plans to make another attempt to integrate Maddox's restaurant today.

Rolleston said: "We will obey the court's order and the order of any other court that is issued against us," adding there was nothing more he could do until the case comes before the Supreme Court on appeal in October.

"DEAR ABBY"

THE HEIGHT OF "MODESTY"!

By Abigail Van Buren

Dear Abby: My husband was raised in a family where MOD-ESTY was the eleventh commandment.

About a year ago, he developed a hernia which kept getting worse. After begging him to see a doctor, he finally went. The doctor said he needed an operation right away.

When my husband found out there would be a surgical nurse there, he said he would rather die than have the operation. He went to four other doctors and they all told him the same thing, and none of them could promise him that a nurse wouldn't be caring for him. My husband said nurses are okay for women and children, but not for a man with a hernia.

This was the first time he had been to a doctor since he took his physical for World War II. He is worrying me sick. Can you help me?

MODESTY TWICE

Dear Wife: Modesty is one thing—idiotcy is another. Ask one of those four doctors to assure your husband that nurses couldn't care less about a patient's body. And he should cut out the foolishness and head for the hospital.

Dear Abby: I would like some information on how long a person should wait after the death of her husband (whom she loved dearly) before calling a gentleman friend who asked her to ring him up as soon as she felt like it.

Wagner's Nod Goes to Bob Kennedy

NEW YORK (AP) — Atty. Gen. Robert F. Kennedy says he would not consider running for U.S. senator from New York without Mayor Robert F. Wagner's "express approval."

A few minutes after Kennedy made that statement Monday, Wagner said:

"If he is available, he is the type of person who would make an exceptionally fine candidate. I am sure that he would win."

"I have a high regard for him as a friend and as a public servant."

Asked whether his remarks constituted an endorsement, Wagner said:

"I think I've made a pretty strong statement already."

Wagner said he would not say more until he had talked again with Kennedy. Kennedy visited Wagner last Friday. No further meeting has been announced.

The Democratic nominee will face Republican Sen. Kenneth B. Keating.

Kennedy, here Monday to speak at the convention of the American Bar Association, was asked by newsmen about the Senate race.

One of his replies was: "Under no circumstances would I ever have considered or would I now consider, coming into the State of New York against the wishes of the mayor."

Wagner is generally considered the top Democrat in New York.

Democratic state chairman William H. McKeon said he would "certainly encourage" Kennedy's candidacy. He said the attorney general would "make an excellent candidate."

Rep. Samuel S. Stratton, who has wide backing upstate for the Democratic nomination for senator, said Wagner assured him Monday night that he "had certainly not endorsed . . . Kennedy and did not intend to endorse any candidate" before the nominating convention Sept. 1.

Stratton said: "The attorney general has already removed himself from the race and I take him at his word." This may have been a reference to a declaration by Kennedy last June when he declined to run for the office.

At that time, President Johnson had not ruled out Kennedy and other Cabinet members as possible vice presidential candidates.

Pope First to Fly in Helicopter

By BENNETT M. SOLO

ORVIETO, Italy (AP) — Pope Paul VI made history's first papal helicopter trip today as he flew to medieval Orvieto to celebrate the 700th anniversary of the Roman Catholic feast day of Corpus Christi.

His craft landed on the plains just below this hilltop town after a 54-minute flight from his summer residence at Castel Gandolfo, just south of Rome.

The 75-mile flight north came to an end at a specially prepared landing strip on a highway about 3 1/2 miles from Orvieto. Then the Pope was driven to the fortress-like town that had often been a papal refuge in the past.

He was the 38th Pope to come to Orvieto and the first since Pope Pius IX, who visited the town in 1875 when it still was part of the Papal States before the unification of Italy.

The helicopter lent to the Pope by the Italian air force took off from his summer residence at 4:30 p.m. —10:30 a.m., EST.

The flight to Orvieto came off without a hitch.

It was the longest trip Pope Paul has taken since he went to the Holy Land by jet plane last January.

The papal schedule in Orvieto included Mass marking the 700th anniversary of the start of the annual Corpus Christi feast day and a speech before he returns tonight to Castel Gandolfo.

The Italian Air Force supplied the big helicopter for the flight.

It comes one day after a major papal document saying Roman Catholicism will try for dialogue with all aspects of the modern world.

In his encyclical "Ecclesiam Suam," Pope Paul said Monday the paths of church consciousness of itself, church reform and church openness to the world lay before contemporary Catholicism.

Against a background of war threats in Cyprus and Viet Nam, the pontiff said in his encyclical he would be "ready to intervene, where an opportunity presents itself, in order to assist the contending parties to find honorable and fraternal solutions for their disputes."

Flags and hunting of papal white and gold hung from Orvieto's windows and walls to welcome the pontiff.

The cathedral is an outstanding example of Italian gothic style. Tradition has it that the building was started in 1285 at the request of Pope Urban IV to commemorate the "miracle of Bolsena."

Legend says that at nearby Bolsena in 1263, drops of blood miraculously appeared on an altar cloth before a priest who doubted the Church's teaching that the body and blood of Christ are really present in the bread and wine of the Eucharist.

All pilot lights are properly lit should be completed tonight.

THE MUSIC BOX

By Pauline Rothrauff

Harry found the music box lying outside Mattie's house when he arrived for dinner the night of her birthday. It was lying on the steps, bright and shining, with its lid partly jarred open as if someone had pitched it there.

Harry picked it up almost reverently. He had sent it to Mattie that morning and had thought it a handsome gift. And Mattie had said specifically that she wanted a music box for her birthday.

With a perplexed frown, Harry rang Mattie's bell, but there was no answer.

Shaking his head in bewilderment, Harry ambled away, still holding the music box.

"I guess I'll never understand Mattie," he sighed, thinking over all the years that they had known each other.

At that time, sitting alone behind her locked door and closed drapes, Mattie too was thinking over past events.

Harry and Mattie, both middle-aged now, had grown up and gone to school together in the little town of Meadsville. When Mattie was 20 and he was 22, they had been sweethearts.

Mattie was about to set the wedding date, when a girl named Genevieve had come to Meadsville to visit relatives.

Genevieve had been glamorous. All the girls were jealous of her and all the boys were crazy about her, including Harry. Many unkind rumors were circulated about Harry and Genevieve but Mattie had steadfastly refused to believe them right up until the night when Harry and Genevieve eloped.

It was reported that Harry did very well in the city and that he and Genevieve were living in luxury. Then after a few years they had parted. Genevieve had remarried and Harry was busy with his work.

Altogether he was away from Meadsville for 20 years.

And then about six months ago, Harry had returned—unmarried and fancy free. At first Mattie's injured pride kept her away from any gathering that he might attend, but gradually the old love that she still had for him overcame her pride and she began to meet him socially.

After a couple of these meetings, Harry was squiring her about just as he had done in years gone by.

Then a week ago, he had asked her to marry him and Mattie had accepted.

On the morning of Mattie's birthday, a messenger had arrived with two gayly wrapped packages—both from Harry. One was a box of red roses; the other the most beautiful music box that Mattie had ever seen.

"Oh, how lovely," breathed Mattie, as she wound the music box. "Just what I've been wanting."

The little box began to play sweet tinkling notes that slowly transformed Mattie's ecstatic smile into an angry frozen scowl. There was no mistaking that tune—no mistaking the words that went with it!

Mattie stood there horrified for a few minutes as the music box tinkled:

"O, Genevieve, sweet Genevieve..."

Then regaining her composure, Mattie had snatched the horrible box and opening the door, pitched it out on the front steps where Harry found it when he came calling that night.

Today in Washington

WASHINGTON (AP) — Senate leaders are reported near agreement on a compromise proposal that would direct, but not compel, courts to go slow on reordering reapportionment of state legislatures in a population basis.

The compromise would substitute for a proposal by Senate Republican leader Everett M. Dirksen of Illinois to stay all court-ordered reapportionment until after state legislatures have had two sessions to consider the matter.

Dirksen's proposal, which he hopes to attach to the foreign aid authorization bill, would delay court-ordered reapportionment by from two to four years. In the meantime, efforts would be pressed to nullify the Supreme Court ruling requiring population to be the basis of apportionment in both houses of state legislatures.

The compromise, worked out in four days of conferences participated in by Solicitor General Archibald Cox, would "C-ret" lower federal courts to take into account all legitimate difficulties surrounding reapportionment in any case.

WASHINGTON (AP) — Myrl E. Alexander, 55, a retired 30-year veteran of the Bureau of Prisons, will succeed retiring director James V. Bennett on Aug. 28.

Atty. Gen. Robert F. Kennedy announced Monday the appointment of Alexander, now a professor of sociology at Southern Illinois University and director of the Center for the Study of Crime, Delinquency and Correction.

MOSCOW (AP) — Alexei Adzhubei, editor of the government newspaper Izvestia and son-in-law of Premier Khrushchev, says there is a chance for better relations between West Germany and the Soviet Union.

"It seems to us that Bonn is at a crossroads," Adzhubei reported Monday after a visit to West Germany.

"What forces, what currents and tendencies will gain the upper hand — prudence or recklessness? We cannot decide and this does not depend on us," he said.

Adzhubei met with Chancellor Ludwig Erhard to explore the possibility of a visit to Bonn by Khrushchev.

TOKYO (AP) — The Japanese prosecution demanded today eight to ten months imprisonment for four men accused of organizing the 1960 demonstration against James C. Hagerty, press secretary to former U.S. President Dwight D. Eisenhower.

The demonstration forced cancellation of a visit to Japan by Eisenhower and the resignation of then Prime Minister Nobusuke Kishi.

TOKYO (AP) — U.S. Ambassador Edwin O. Reischauer predicted today U.S.-Japanese relations would experience "a relatively stormy period the next three or four months" but that it would not harm ties between the two allies.

Reischauer told the Foreign Correspondents Club of Japan the differences would revolve around Japan's trade with Communist nations, negotiations on a new North Pacific fisheries agreement and an agreement to allow Japanese airlines to fly out of New York.

BANGKOK, Thailand (AP) — The U.S. Navy transport Core is expected here Thursday carrying an undisclosed number of helicopters for U.S. forces in Thailand, American military sources said today.

The sources said the shipment, reportedly composed of H-34 type helicopters, is part of a major buildup of American military equipment in Thailand over the past few weeks.

The move followed a Communist offensive in neighboring Laos.

George Washington signed the first treaty between the U.S. and Morocco in 1787.

White Sox Have Edge in American

By DICK COUCH
Associated Press Sports Writer
The Chicago White Sox will have baseball's big yardstick — the law of averages — going for them today when they open Phase II of the American League's three-way pennant stretch at Yankee Stadium.
The White Sox will be looking for their first 1964 victory over New York but their 0-10 nose-dive against the Yankees doesn't show up in the league standings. Chicago, having shrugged off the Yankee hex while building a fat 67-34 bulge against the rest of the league, is in second place, 12 percentage points behind front-running Baltimore and two points up on New York.
The Sox can't ignore the Yankees for the next four games, beginning with a day-night doubleheader today. But Al Lopez, who pays less heed to the law of averages than to his pitching staff's 2.79 earned run average, believes the defending champions are ready to be taken.
Lopez will send Joe Horlen, 8-7, 2.17 ERA, against the Yankees' Ralph Terry, 5-8, in this afternoon's opener. Juan Pizarro, the league's No. 1 southpaw with a 14-6 mark and 2.14 ERA, opposes New York's Jim Bouton, 12-9, at night.
The Chicago sharpshooters will face a Yankee team beset by injuries to its key men. Whitey Ford and Mickey Mantle.
The White Sox are healthy, though their offense is less than robust.
After the White Sox leave town, the Yankees have a three-game series at Baltimore and a four-game visit to Chicago.
The Orioles, meanwhile, have an opportunity to widen their lead in a three-game series against Boston, beginning tonight at Baltimore. Rookie sensation Wally Bunker, 12-3, will pitch for the league leaders against the Red Sox' Bob Feller, 5-4. Detroit, working on a seven-game winning streak, visits its Minnesota; Cleveland is at Los Angeles and Washington at Kansas City.
There were no AL games scheduled Monday. In National League night games, St. Louis nipped San Francisco 2-1, dropping the Giants three games behind league-leading Philadelphia, and third place Cincinnati whipped the Los Angeles Dodgers 7-2.

Golf Course in Yard Is a New Deal

SCHENECTADY, N.Y. (AP) — They're calling "fore!" in a backyard where an 11-year-old girl has opened a 9-hole golf course to raise money for the John F. Kennedy Memorial Library.
Linda Ward teamed with her brothers, Robert, 8, and John, 6, and two playmates to complete the "course" in two days.
Linda borrowed putters and golf balls from her parents, Mr. and Mrs. Robert Ward. Neighbors contributed cookies and soft drinks for the "19th hole."
Neighborhood children pay 10 cents a game. So far Linda has collected about \$14 for the library, to be constructed in Cambridge, Mass.

Phil McLarty was named "Mr. Dixie Music Camp" at the 27th Annual Music Camp located on Arkansas A & M campus, Monticello. He was selected by some 400 students, representing a large number of states, who were in attendance at the camp. The presentation which was made Thursday, August 7, is one of the highest honors a camper may receive.
Miss Lelanie Willis, Lake Village, shared the honor as "Miss Dixie Music Camp."
A veteran camper, Phil has attended Dixie Music Camp for five sessions. He served as Quartermaster for three years on a work scholarship; this year he earned the place of Captain in charge of students.

3-Hitter Is Pitched for Oklahomans

Ben Johnson gave up only three hits Monday night in leading Oklahoma City to a 5-0 Pacific Coast League victory over Denver.
He helped his own cause by singling in the third to bring in Jim Mahoney, who had tripled, for the 89ers' first run.
Arkansas and Indianapolis split a doubleheader, Indianapolis winning the first 3-2 and Arkansas the second 6-4, and Seattle beat San Diego 6-4 in the only other game scheduled.
The 89ers salted away their victory in the fourth when Jim Wynn and John Bateman hit successive doubles and Mahoney smacked a home run. The winners collected their last run in the eighth when Jim Beuchamp homered. No Denver runner reached second base.
Southpaw Wilbur Wood collected his 10th victory against seven defeats in Seattle's conquest. He struck out nine in going the distance.

Packers and Bears Shake Up Squads

By BOB GREEN
Associated Press Sports Writer
The Green Bay Packers, shocked by their first loss in 25 exhibition games, have made some wholesale changes in rookie personnel while the Chicago Bears are having some second thoughts about their narrow victory over the College All-Stars.
The Packers, second in the Western Conference last year after two years as the National Football League champions, were knocked off by the St. Louis Cardinals 20-7 in New Orleans last weekend. It broke a string of 24 straight exhibition victories for the mighty Packers.
Taking part in their first drill with the Packers Monday after playing in the All-Star game were tackle Lloyd Voss of Nebraska, center Ken Bowman of Wisconsin, halfback Duke Carlisle of Texas, quarterback Dennis Claridge of Nebraska and linebacker Tommy Crutcher of Texas Christian.
Trimmed from the team that will play the New York Giants Saturday were center-guard Dave Crossan of Maryland, defensive back Beau Carter of Fresno State, back Gary Kroner of Wisconsin, end Tom O'Grady of Northwestern, defensive back Larry Hunter from Grambling and defensive back Joe Scarpati from North Carolina State.
Chicago Bears Owner-Coach George Halas, meanwhile, is trying to get the look at his second stringers he couldn't afford in the tight 26-17 victory over the All-Stars in Chicago last weekend.
The Bears were so hard-pressed against the college boys they couldn't work in many of the substitutes, and Halas has indicated he'll use them this week against Washington.
The Pittsburgh Steelers trimmed five men from their roster in Kingston, R.I., halfback Martin Agnew of University of the South, tackle T. W. Alley of William and Mary, tackle Charlie Harris of Tennessee A&I, tackle Dick Mills of Pittsburgh and linebacker Bob Rowley of Virginia.
Baltimore asked waivers on journeyman fullback Bob Gaiters, a New Mexico State product who failed to get into a game last year.

Frick Will Serve for Year 1965

By JOE MOOSHIL
Associated Press Sports Writer
CHICAGO (AP) — Baseball's major leagues held a joint meeting Tuesday, assured that Ford Frick will remain commissioner through the 1965 season and that selection of his successor will proceed in orderly fashion.
Frick, 69, announced last Wednesday he would not seek a new term and would step down from his \$75,000-a-year post when his successor is named.
Following a meeting of the major league Executive Council Frick agreed, however, to stay on the job through the 1965 World Series.
The council decision to ask Frick to remain and his acceptance figures to shut off any unauthorized speculation as to the identity of the next baseball czar.
Top candidates for the job at present are Judge Robert Cannon of Milwaukee, legal counsel of the Players Association; Sen. Kenneth Keating, R-N.Y., former Vice President Richard Nixon, Supreme Court Justice Byron Quizer White and Cronin.
Neither the American nor National League meetings Monday provided announcements of any magnitude.
The National League interrupted its meeting when Giles with Milwaukee in mind, asked if any club desired to request consent to transfer its franchise.
When Giles received no response and in view of rumors that the Milwaukee Braves are headed for Atlanta, he asked Braves' representatives if they had any request to make. The answer was "No."
Giles then asked if Milwaukee has been or is considering a transfer. The Milwaukee representatives replied that because of many factors to be considered they were unable to evaluate fully their position until a later date.
The National League approved an umpire pension plan which had been orally agreed upon in New York July 6.
An umpire will receive \$300 a year for each year of active service after his retirement. Retirement age is 55, but it is not mandatory.

Old Icebox Claims Three Tots' Lives

By RUSSELL LANE
CHICAGO (AP)—Last winter, Leonard L. Fuwells, 29, bought a new refrigerator and put the old refrigerator on the back porch of his apartment.
Because he has three children, aged 3 to 7, he tied the door shut with plastic-coated clotheslines.
Last Friday, three small children of George Hartman, 30, who lives in the basement apartment beneath the Fuwells, climbed into the old box. The door closed, the children died.
An epilogue to the short lives of Cynthia Hartman, 4, and her brothers, Joseph, 5, and Marty, 6, was written Monday. An inquest jury ruled that they died accidentally.
The inquiry established no evidence as to what happened to the rope Fuwells tied around the old refrigerator. Probably, at some time during the months the appliance sat on the back porch, someone needed the line for something else.
A Mass of the Angels will be said for the youngsters Wednesday.
The deaths pointed up a problem that affects children everywhere in the nation. It has not been solved despite federal legislation requiring push-out doors on refrigerators made since 1958, and state laws requiring that doors be removed from discarded refrigerators.
Fuwells' refrigerator had not been discarded. It was just idle, and stored on his property.
Each year, a dozen or more children die of suffocation in idle refrigerators. In 1962, the toll reached a high of 35.
The death trap problem first became a widespread concern in the 1930s when old ice boxes were being discarded as the electric refrigerator was winning acceptance.
It surged again after World War II when resumption of civilian appliance manufacturing spurred a slough-off of over-age electric coolers.
Last year's boom in refrigerator sales again heightened the menace of abandoned boxes.

Cardinals Set Back Giants 2-1

By MIKE RATHET
Associated Press Sports Writer
The San Francisco Giants have new respect for the arms of St. Louis Cardinal outfielders. But it cost them one-half game in the National League standings.
Tom Haller and Orlando Cepeda were thrown out at home plate as they tried to score standing up in the Cardinals' 2-1 triumph over the Giants Monday night. Both runs were the potential tying runs.
The defeat dropped the Giants three games behind National League-leading Philadelphia Phillies and left San Francisco Manager Al Dark in an awkward position.
Immediately after the game, Dark, who has been under fire, was asked if there would be any fines.
"I never announce fines," he said softly, apparently trying to restrain his anger. "That would have to come from somebody else. You saw the same game I did."
In the fifth, with the Giants trailing 2-0, Haller led off with a single. Two outs later, Harvey Kuenn singled him to second. Hal Lanier then popped a single to right, Haller lumbering to the plate to find catcher Tim McCarver holding Mike Shannon's peg.
The Giants pulled to within one run in the seventh on Jim Ray Hart's homer and mounted another threat in the eighth when Cepeda and Hart singled with two out. Haller then singled to left field and Cepeda came barreling home from second.
This time McCarver was waiting with Lou Brock's peg.
Only one other game was played in either league, the Cincinnati Reds belting the Los Angeles Dodgers 7-2.
The Reds made quick work of it, the first four men hitting safely against Joe Moeller and producing three runs — more than enough to win behind the four-hit pitching of Bob Purkey.
Moeller was tagged for a double by Pete Rose, singles by Mel Queen and Vada Pinson and another double by Frank Robinson. Bob Reed then replaced Moeller and gave up another run in the inning by issuing a bases-loaded walk to Steve Boros.
Queen wound up with three hits and Boros with three runs batted in.
